**A Habitat for Humanity Home!**

# You + **Palouse Habitat** Surplus Sale =

Everyone is aware of the wonderful volunteers and crew who build the Habitat houses. But you should know there are fun and rewarding opportunities to support that work by volunteering in the Surplus Sale. Over 150 volunteers lend a hand each year, and many of those are regulars. Our volunteers are more or less skilled (we have a lot of retired handymen and women!) but any level of skill or experience can be helpful in the store.

Some of the things we do are:

- Sort and price donations;
- Organize displays, shelves and bins;
- Clean and do minor repairs on donated items to prepare them for sale;
- Load or unload furniture, tools, and hardware (requires a few muscles);
- Haul scrap and trash to recycle or dispose;
- Assist customers (and learn from them!).

Follow us on  to see what just came into the store!

Since we opened, our Surplus Sale has saved **488 tons** of material from the local landfill! And every dollar we make supports building and repairing homes for local families in need.

We are so grateful for the many wonderful donations we receive every week from homeowners and businesses around the region. Often people are reluctant to bring in leftover building materials, but we really do accept anything salvageable or reusable. It is helpful if you call first, since there are some things we cannot take.

If you have a few hours a week to spare, consider joining us in the store! We can always find something for you to help with, and of course, that coffee will not drink itself. Contact April at volunteer@palousehabitat.org or 208-883-8502 to fill out a volunteer application soon!

*Becky Miller, Palouse Habitat Surplus Sale Volunteer*

Donate or shop for construction materials, plumbing, electrical, appliances, furniture, tools, antiques and more!

## Gifts in Memory or Honor

In Honor of **Valerie Linscott** (Codger Crew member) and **Cory Bakeman**, build site volunteers, through the SEL Dollars for Doers Program;

In Honor of **Connie Hall**, Palouse HFH Board of Directors Secretary and Surplus Sale volunteer; and

In Memory of **Ken Hall**, former Palouse Habitat for Humanity Construction Supervisor; and their son **Tony Hall**.

### In Memory of Barbara Hisel

Palouse Habitat Surplus Sale volunteer Barbara F. Hisel, of Moscow, died Monday, July 1, 2019, in Deary. She was 94.

Barbara was born July 18, 1924, in Manson, Wash., to Harold and Opal Fort. She graduated from Manson High School in 1942 and went on to earn a degree in home economics from Washington State College. She later met Ken Hisel and they were married Aug. 10, 1952. Barbara and Ken made their home in Moscow where they raised their children, Jay and Mark.

Barbara worked for Washington Water Power, Moscow Electric and then University of Idaho until she retired in 1984. She supported the Moscow Fire Department, was an active member of the United Church of Moscow, and enjoyed knitting and gardening. Barbara was a valued member of the Palouse Habitat Surplus Sale volunteer crew and is missed by the Habitat family.

### In Memory of Robert Kirchmeier

Robert Lynn Kirchmeier, son of Ellen (Dettmann) and A.H. Kirchmeier, passed away peacefully June 15, 2019, in Clermont, Fla., where he resided with his wife Nancy (Bannon). Bob was born in Portland, OR, on April 25, 1942.

He moved to Missoula, MT, at a young age and grew up loving the mountains and wilderness. After graduation, Bob served four years in the U.S. Air Force and then earned a B.S. in Chemistry from the University of Montana in 1968. He went to work for the Atomic Energy Commission in Idaho Falls, ID.

In 1969, through his sister, he met the love of his life, Nancy Bannon. They were married six months later and moved to Moscow and the University of Idaho where he earned a Ph.D in Chemistry. Bob worked for Pfizer Quality Control Research and Parke-Davis Production Research, and then founded West Analytical Laboratory. Ultimately, Bob and Nancy returned to the U of I where he served as a Chemistry professor until his retirement in 2005.

After retirement, Bob and Nancy split their year between a cabin on Lake Coeur d'Alene and a home in Kissimmee, FL, and spent cherished time with children, grandchildren, family and friends.

Bob is survived by his wife Nancy; son and daughter-in-law Benjamin and Barbara; son Samuel; daughter and son-in-law Katherine and Jacques Bouchard; and five grandchildren.

## Update from the Construction Supervisor

We have a saying on the build site that "it is better to be lucky than good." This year we have been nothing but lucky. We have had no lost days due to weather or smoke and the hot days have not been unbearable. The Codger Crew and volunteers from the community and local businesses have given us amazing support.

We've been lucky with fundraising. In addition to a record-setting Beans 'n' Jeans fundraiser last April, we received two major grants from Wells Fargo and Home Depot, both for \$15,000 with volunteer teams. These grants will purchase building materials, including framing, cabinets, flooring, doors and millwork.

We have been lucky scheduling our subcontractors. We have not lost a day waiting for a sub. It started with a new excavation contractor, Mega D, who donated over \$1400 in fees, and then Chuck Spurgeon Construction, who donated over \$3200 in labor, came right behind and did our foundation work. Ken Paulson Plumbing and Wrightway Mechanical were on schedule, and once again Jim Fredenburg is doing our electrical and donating labor. This was the 4th roof the Lewiston Firefighters Local 1773 installed for Palouse HFH and they completed it in one morning, a job that would take regular volunteers 2-3 weeks.

With all of this support and luck, we're two months ahead of schedule. Looking head, we will install siding and then be ready to move inside for insulation and sheetrock. Planning is underway for the foundation and sidewalk for our next house in Uniontown early this fall.

To all of you that have been out to the build site, **Thank You.** If you haven't had the opportunity to come out and help yet, you are welcome anytime, it really is a lot of fun. No experience or tools required. To sign up, just call 208-883-8502, email [volunteer@palousehabitat.org](mailto:volunteer@palousehabitat.org) or go online to [palousehabitat.org/volunteer](http://palousehabitat.org/volunteer). I look forward to seeing you soon!

*Dave Stradley, Construction Supervisor*

Construction Supervisor Dave Stradley and Codger Crew member Tom Gooch share a laugh while installing drip edge.

## Habitat Happenings Summer 2019

Palouse Habitat celebrated the start of the Kruger home build with a wall raising in June. Seen here, Rick and Roberta Kruger, with family and friends, raise the final interior wall in their future home.

Thank you Beasley Realty for raising \$726 at your annual Lentil Festival bread stick fundraiser! Helpers included Habitat Board Members Lisa Uhlenkott and Kathy Slinker, future homeowner Rick Kruger and Beasley volunteers Justin and Annette Cofer and their daughter, Melinda Beasley and her sister, and owner Steve French.

## New Face at Habitat

### Welcome Anne “Bella” Peki, Assistant Surplus Sale Manager

I grew up climbing trees and playing all manner of sports in rural South Carolina. Over a high-tech career spanning twenty-six years, I designed, developed and managed business and computer application systems, projects, and departments. Over the years, I have worked in several civic organizations, including as a mentor and board member for Portland Rotary’s Youth Mentoring and Scholarship program.

I moved to Moscow in 2006, where I joined the Palouse Watercolor Socius, the Idaho Watercolor Society, and served on the Moscow Arts Commission. I currently serve as President of the Moscow Toastmasters’ club, and Area Director for three clubs including: Moscow’s Hog Heaven, Pullman’s Frank E. Balmer, and Schweitzer Engineering’s corporate club.

I am currently writing a memoir, painting in oils, and creating digital paintings using Adobe Photoshop. Additionally, I am preparing to teach an online class in Engineering Creative Joy.

I’m excited to join the Palouse Habitat for Humanity Team, to work with our wonderful volunteers, shoppers and donors, and to help build homes for local families in need! Stop by the Surplus Sale to say hello!

## Do you know the next Habitat Homeowner?

Most of our applicants are encouraged to apply by friends, family, co-workers or employers. Someone you know might be the next Habitat homeowner—encourage them to call 208-883-8502, visit [palousehabitat.org/apply](http://palousehabitat.org/apply) or email [director@palousehabitat.org](mailto:director@palousehabitat.org).

Attend an information meeting Wednesday, September 18 7:00 at 306 N. Main St. Moscow

**Apply Now!**
